SAFETY PROGRAM

Accidents are undesirable, unplanned occurrences that can result in tragic consequences--bodily harm, loss of school time, property damage, legal action, and even fatality. The School Committee will guard against such occurrences by taking precautions to protect the safety of all students, employees, visitors and others present on school property or at school-sponsored events.

The Committee will comply with safety requirements established by governmental authorities and will insist that its staff adhere to recommended safety practices as these pertain, for example, to the school plant, special areas of instruction, student transportation, school sports and occupational safety.

The practice of safety will also be considered a facet of the instructional program of the schools. Instruction will include accident prevention as well as fire prevention; emergency procedures; traffic, bicycle, and pedestrian safety.

The Superintendent will have overall responsibility for the safety program of the school district. It will be the responsibility of the Superintendent to see that appropriate staff members are kept informed of current state and local requirements relating to fire prevention, civil defense, sanitation, public health, and occupational safety.

Efforts directed toward the prevention of accidents will succeed only to the degree that all staff members recognize that preventing accidents is a daily operational responsibility.

PEST MANAGEMENT POLICY

The Richmond Consolidated Schools are committed to providing a safe and properly maintained environment for all staff, students and visitors. To achieve this end, the School District will implement integrated pest management procedures for its buildings and grounds.

The integrated pest management procedures shall include implementation of appropriate prevention and control strategies, notification of certain pesticide and herbicide uses, record keeping, education and evaluation.

Integrated pest management procedures will determine when to control pests and what method of control to choose. Strategies for managing pest populations will be influenced by the pest species, location and whether and at what population level its presence poses a threat to people, property or the environment. The full range of action alternatives, including no action, will always be considered.

I. OVERVIEW AND GOALS

- A. The Richmond Consolidated School shall develop and implement an integrated pest management program.
- B. An integrated pest management program is a pest control approach that emphasizes using a balanced combination of tactics (cultural, mechanical, biological, chemical) to reduce pests to a tolerable level while using pesticides and herbicides as a last resort to minimize health, environmental and economic risks.
- C. Pesticides and herbicides will be used only as a last resort, based on a review of all other available options.
- D. The integrated pest management program shall strive to:
 - 1. Reduce any potential human health hazard.
 - 2. Reduce loss or damage to school structures or property.
 - 3. Minimize the risk of pests from spreading in the community.
 - 4. Enhance the quality of facility use for school and community.
 - 5. Minimize health, environmental and economic risks.

II. RESTRICTIONS ON USE OF PESTICIDES AND HERBICIDES

- A. When pesticides or herbicides are used, they must be classified as an EPA Category III or IV. Application of any pesticide or herbicide may be performed only by certified applicators.
- B. Application of pesticides and herbicides may only be accomplished during a school break or when the building will be clear of students for at least 48 hours.

III. NOTIFICATION OF PESTICIDE AND HERBICIDE USE

- A. When pesticides or herbicides are used outdoors, notice of their use will be provided to parent/guardian, staff and students and will also be posted in a common area.
- B. When pesticides and herbicides are used in a building, the site will provide a 48-hour pre-notification in the form of posting the product name, purpose, application date, time and method and the Material Safety Data Sheet on all entrance doors. A contact person will also be listed.
- C. In the event of an EPA registered pesticide or herbicide application in or around a building site during the school year or summer session, a notice (including the product name, purpose, contact person, and application date, time and method), will be sent home in writing with students in the affected building at least 5 days prior to application.

IV. RECORD-KEEPING

- A. The District will keep a record of pesticides and herbicides used, amounts and locations of treatments and will keep any Material Safety Data Sheets, product labels and manufacturer information on ingredients related to the application of the pesticides or herbicides.
- B. All records of pesticides and herbicides used and correspondence will be available for public review upon notice and during normal school hours.

V. STAFF RESPONSIBILITIES AND EDUCATION

- A. Designated staff (School Nutrition, Buildings and Grounds, etc.) will participate in sanitation and pest exclusion procedure appropriate to their roles. For example: keeping doors closed, repairing cracks, removing food waste within 12 hours, keeping lids on garbage receptacles and keeping vegetation properly cut.
- B. Ongoing education of all appropriate District staff will be a priority to ensure a safe and clean environment.

LEGAL REF.: M.G.L. 71:68; 132B

FIRST AID

The district attempts to provide a safe environment. If an accident or sudden illness occurs, school personnel will administer first aid and, if warranted, call emergency medical services. In the case of illness that may include an infectious disease the school physician shall be notified in accordance with law.

First aid is defined as the immediate and temporary care given in case of an accident or sudden illness, which enables the child to be taken safely home or to a physician. It does not include diagnosis or treatment. Any care beyond first aid will not be given.

At each school, procedures will be developed for the proper handling of an injury to, or sudden illness of, a child or staff member. These will be made known to the staff and will incorporate the following requirements:

1. The school nurse or another trained person will be responsible for administering first aid.
2. When the nature of an illness or an injury appears in any way serious, every effort will be made to contact the parent/guardian and/or family physician immediately.
3. In extreme emergencies, the school nurse, school physician or Principal may make arrangements for immediate transport to a hospital of injured or ill students, contacting parent or guardian in advance if at all possible.
4. The teacher or other staff member to whom a child is responsible at the time an accident occurs will make out a report on an official form providing details about the accident. This will be required for every accident for which first aid is given.
5. All accidents to students and staff members will be reported as soon as possible to the Superintendent and, if the Superintendent deems appropriate, to the School Committee.

CROSS REF.: JLC, Student Health Services and Requirements

EMERGENCY PLANS

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff; it also strengthens the morale of all concerned to know that plans exist and that students and staff have been trained in carrying out the plans.

The Superintendent will develop and maintain plans that meet the requirements of state law for preparedness in case of fire, civil emergencies, and natural disasters.

The Superintendent shall develop, in consultation with school nurses, school physicians, athletic coaches, trainers, and local police, fire and emergency personnel, an Emergency Medical Response Plan for each school in the district. Each Plan shall include:

1. A method establishing a rapid communications system linking all parts of the school campus, including outdoor facilities, to local Emergency Medical Services along with protocols to clarify when EMS and other emergency contacts will be called.
2. A determination of EMS response times to any location on the campus.
3. A list of relevant contacts with telephone numbers and a protocol indicating when each person shall be called, including names of experts to help with post-event support.
4. A method to efficiently direct EMS personnel to any location on campus, including the location of available rescue equipment.
5. Safety precautions to prevent injuries in classrooms and on the school campus.
6. A method of providing access to training in CPR and first aid for teachers, athletic coaches, trainers, and other school staff which may include CPR training for High School students; provided that School Committees may opt out of instruction in CPR pursuant to Section 1 of Chapter 71.
7. In the event the school possesses Automated External Defibrillators (AEDs), the location of all available AEDs, whether the location is fixed or portable, and a list of personnel trained in its use.

The Superintendent shall annually review the response sequence with local police and fire officials. Plans shall be submitted to local police and fire officials and the DESE at least every 3 years by September 1 or when changes occur. Plans must be updated in the case of new construction or other physical changes to the school campus.

Building Principals will meet all requirements for conducting fire drills and Emergency Response drills (at least once per year) to give students practice in moving with orderly dispatch to designated areas under emergency conditions, and the staff practice in carrying out their assigned responsibilities for building evacuation.

JLC, Student Health Services and Requirements

POLICY ON COVID-RELATED ISSUES

The School Committee takes note of the COVID-19 emergency; resulting disruption of the traditional school day and year; growing concerns of students, families and the community; and the growing number of issues that will affect public education.

Therefore, the school committee establishes an emergency, interim policy to:

- promote public safety and safety of students and faculty,
- maintain to the extent possible the high and efficient level of educational services,
- ensure support for students in general and in particular for those at highest risk educationally as well as those at social and economic risk, and
- comply with the emergency orders of the governor and adhere to the extent possible, to the guidance of the Department of Elementary and Secondary Education and other agencies of state and federal government and expedite the safest strategy for returning students to school.

The school committee will approve the final plan submitted to DESE which will outline its strategy for returning students to school and will, in collaboration with the superintendent, make such modifications to the “back to school plan,” and district policy, and will authorize the superintendent to suspend, revise or create protocols to facilitate the safe return to school.

The superintendent will designate the appropriate staff members to oversee the safe administration of COVID-related policies during the period of the pandemic emergency and shall make such recommendations to the school committee as needed.

The school committee will authorize the superintendent to act expeditiously in executing the “back to school” plan in accordance with current law and regulation and will, where noted, authorize the superintendent to suspend, revise, or recommend policies, rules and protocols as needed to serve the best interests and safety of students, their families, and the community.

The “back to school” plan shall constitute the policy of the school district during the pandemic emergency, and the superintendent shall exercise the authority provided in law to carry out the plan as needed.

- General district goals affected by the pandemic.

The superintendent, with the advice and consent of the school committee, may suspend or modify individual district policies to address the COVID-19 emergency as declared by the governor. Such suspension of policy shall expire upon the end of the emergency as declared by the governor.

The goal of emergency pandemic policies shall be to:

- ensure the safety and health of students, faculty, staff, and all persons who may come in contact with them;
- provide the most effective educational services as possible to students under the circumstances;
- authorize changes to operating protocols as needed to open and operate schools effectively from various venues or platforms;
- conduct the district business and operational functions of the district as efficiently as possible;
- allow the superintendent and staff to act quickly to carry out a “back to school” plan and,
- facilitate the re-establishment of a safe and productive school day and year.

- Student assignment to schools (File JCA)

Subject to the guidance from the Department of Elementary and Secondary Education, the superintendent may suspend or revise the assignment of students to schools, including the assignment of new students for such a period as the emergency declaration is in force.

- School calendar (File IC/ICA)

Subject to the guidance from the Department of Elementary and Secondary Education and the provisions of collective bargaining agreements, the superintendent may suspend or revise the school calendar with the approval of the school committee.

- Class size (File IIB)

In order to maintain healthy, safe, and effective classrooms, the superintendent may suspend district policy on class size, subject to the provisions of the collective bargaining agreements where applicable.

- Attendance (File JH)

Subject to operative law and regulations, suspend, modify or adapt policies related to student attendance including the link between and absences when appropriate, (including the link between attendance and grades), chronic absence policies, and accommodations for students requiring special placements

- Time on learning (File IC/ICA and ID)

Subject to the guidance from the Department of Elementary and Secondary Education and the provisions of collective bargaining agreements, the superintendent may suspend or amend requirements for time on learning for the duration of the COVID pandemic.

- Grading and retention (File IKE)

In accordance with guidance from the Department of Elementary and Secondary Education, the superintendent may propose, subject to the approval of the school committee, modifications to the policy of the district for grading and retention of students.

- Local graduation requirements (File IKF)

In accordance with guidance from the Department of Elementary and Secondary Education and modifications to current regulation or law, the superintendent may propose, subject to the approval of the school committee, modifications to the policy of the district regarding graduation requirements. DUPLICATE STATEMENT IN SPECIAL EDUCATION

- Special education (File IHB, IHBA, IHBAA, IHBF)

The superintendent and school committee should be mindful that attainment of a high school diploma may render certain students ineligible for further services.

- Discipline and Suspension/Expulsion with home schooling rights (File JIC, JK)

The “back to school” plan recommended by the superintendent and subject to the approval of the school committee shall contain protocols for serving students who are disciplined or suspended during the pandemic emergency.

Further, the superintendent shall provide in these “back to school” plans provisions for students were disciplined or suspended or who may elect to remain at home under the provisions of the policies related to home schooling, or who may elect remote learning in the interests of safety or health concerns.

- Exemptions for particular groups of students (i.e., use of masks for youngest children, high risk students) (File JL)

The superintendent shall provide protocols to principals and teachers regarding students who may require special exemptions from health and safety standards during the pandemic emergency. Such protocols may address exemption for utilizing support animals.

- Job descriptions (File GCA)

The superintendent may revise job descriptions for district staff, considering the provisions of current collective bargaining agreements, in order to secure the safety and health of students and staff, establish effective communications between school and community, maintain facilities, transport students as needed, provide food services, and acquire necessary materials to operate schools safely and securely during the pandemic. The superintendent will inform the school committee of any such changes. Any changes to job descriptions shall expire at the end of the declared emergency situation.

- STUDENTS AT RISK (JIE, JL, JLC, JLCC)

During the COVID pandemic, the superintendent or principal of a school may revise or suspend provisions of policy to facilitate the education of students at risk or with special physical needs or their family caregivers, including, but not limited to caring for or educating students with disabilities, illness, pregnancy, childrearing responsibilities, or special education needs consistent with law and regulation.

- Privacy of Students. (File JRA)

During the pandemic, the rights to privacy held by students and their families shall not be abridged by the public schools. Such rights extend to the confidentiality of student academic records, health data, economic status, and other such information as may be considered confidential by law.

Massachusetts law prohibits the recording of individuals without their permission. Similarly, students may not be recorded in classrooms by audio, visual, or remote means without the permission of parents or, if of age, by individual students. During periods of remote learning, the privacy of students participating in on-line classes shall not be violated by recording them without appropriate permissions.

- Pivoting back to remote learning, or back to in-school instruction

The superintendent shall incorporate into the “back to school” plan protocols for modifying these plans including addressing the needs of students who may require reversion from in-school to remote learning modalities because of the pandemic emergency.

- Home schooling File IHBG (temporary), home-bound instruction File IHBF (e.g., students with physical disabilities) and remote instruction for students in quarantine

The “back to school” plan shall provide for students who are temporarily homebound due to illness, quarantine, or disability

- Public Safety Officers, including the school resource officer (MOA with the local police.)

Subject to current law or regulation, the superintendent shall report to the school committee of any change in status of the school resource officer. (If the district eliminates visitors to school during the school day, the SRO may be impacted.)

- Eligibility for participation in extra-curricular activities, including sports (File JJ)

Subject to law, regulation and standards established by the appropriate and legitimate regulatory body, the superintendent may propose changes to district protocols for participation in extracurricular activities including sports subject to the rules established by the Massachusetts Interscholastic Athletic Association.

- Attendance vs. participation in events (File JH and Student/Athletic Handbooks)

Subject to law, regulation or emergency declaration, the superintendent may propose protocols or modifications or suspensions of district policies regarding attendance by students or the public in school events including, but not limited to assemblies, sports events, large gatherings, or other programs.

- Visitors in schools and buildings (File KI)

Subject to current emergency declarations, the superintendent may propose suspension or modification to district policies regarding visitors to school buildings during the school day and after school hours.

- Illness and contract tracing (File JLCC)

Subject to the provisions of the “back to school” plan, the superintendent may establish protocols for tracking student contacts as a means of locating others from whom students may contract or expose other persons to the CORVID-19. Such protocols will be consistent with law and regulation and be consistent with standards to protect the privacy of students, their families, and other persons.

- Transportation and busing (File EEA, EEAA, EEAEC, EEAG)

Subject to current law and regulation, the superintendent may suspend or modify policies related to the transportation of students by the school district. Legal requirements relating to IEP’s that contain transportation for students shall not be altered without the appropriate family consent. These modifications shall be consistent with the district “back to school” plan.

- Operations and plant maintenance (File EC, ECA)

Subject to the provisions of law, regulation and collective bargaining agreements, the superintendent may suspend or amend current policy to ensure the efficient operation of business functions and maintenance of school buildings and other such offices as the district maintains.

SOURCE: MASC - July 2020

EMERGENCY CLOSINGS

The Superintendent may close the schools or dismiss them early in the event of hazardous weather or other emergencies that threaten the health or safety of students and personnel. While it may be prudent, under certain circumstances, to excuse all students from attending school, to delay the opening hour or to dismiss students early, the Superintendent has the responsibility to see that as much of the administrative, supervisory and operational activity is continued as may be possible. Therefore, if conditions affect only a single school, only that school will be closed.

In making the decision to close schools, the Superintendent will consider many factors, including the following principle ones relating to the fundamental concern for the safety and health of the children:

1. Weather conditions, both existing and predicted.
2. Driving, traffic, and parking conditions affecting public and private transportation facilities.
3. Actual occurrence or imminent possibility of any emergency condition that would make the operation of schools difficult or dangerous.
4. Inability of teaching personnel to report for duty, which might result in inadequate supervision of students.

The Superintendent will weigh these factors and take action to close the schools only after consultation with public works and public safety authorities and with school officials from neighboring towns. Students, parents/guardians and staff will be informed early in each school year of the procedures that will be used to notify them in case of emergency closings. When schools are closed for emergency reasons, staff members will comply with School Committee policy in reporting for work.

LEGAL REFS.: M.G.L. 71:4; 71:4A

FACE COVERINGS

The Richmond Consolidated School District is committed to providing a safe environment in schools during the ongoing COVID-19 pandemic. Maintaining a safe environment is critical to the District's ability to return students to a full-time classroom learning experience.

According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is the use of face masks or face coverings. Therefore, using the guidance and recommendations from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH), the District has established the following requirements which will remain in place until further notice.

A face covering that covers the nose and mouth must be worn by all individuals in school buildings and on school transportation. Face coverings must also be worn outside when social distancing cannot be observed.

Individuals may be excused from the requirement for the following list of reasons, per CDC guidance:

The individual:

- has trouble breathing.
- is unconscious.
- in incapacitated.
- cannot remove the mask or face covering without assistance.

In addition, masks or face coverings will not be required for anyone who has a medical, behavioral or other challenge making it unsafe to wear a face mask or face covering. A written note from a physician is required for a requested exemption. Parents may not excuse their child from the face mask requirement by signing a waiver.

Additionally, face masks or face coverings will not be required when appropriate social distancing is enforced:

- during mask breaks.
- while eating or drinking.
- during physical education classes.
- while outside.

Exceptions to this policy under certain circumstances, such as for students with medical, behavioral or other challenges who are unable to wear masks, must be approved by the building principal in consultation with the school nurse or local Board of Health. Face shields or physical barriers may provide an alternative in some instances.

A student's mask or face covering is to be provided by the student's family. Staff members are responsible for providing their own face coverings. However, the district will supply disposable face covering for individuals who arrive at a building, or board school transportation, without one.

If students are in violation of this policy, the building principal will consult with the parent/guardians to determine whether an exception is appropriate, or the student may be removed from the school building for in-person learning until such time as they can comply with the requirement, or the requirement is lifted.

Violations of this policy by staff will be handled in the same manner as other violations of School Committee policy.

Visitors in violation of this policy will be denied entry to the school/district facility.

This policy will remain in place until rescinded by the School Committee.

BUILDINGS AND GROUNDS MANAGEMENT

The School Committee's most important function is to provide for the education of children, and it recognizes that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The supervision over the care and safekeeping of property used by the school department will be the general responsibility of the Superintendent. They will work with other municipal departments, as necessary, to develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of all school buildings and grounds to ensure that each school is equally well maintained, equipped, and staffed.

The Superintendent will establish procedures and employ such means as may be necessary to provide accurate information in regard to the nature, condition, location, and value of all property used by the school department; to safeguard the property against loss, damage, or undue depreciation; to recover and restore to usefulness any property that may be lost, stolen or damaged; and to do all things necessary to ensure the proper maintenance, cleanliness, and safekeeping of school property.

Within the separate schools, the building administrator will be responsible for proper care, maintenance, and cleanliness of buildings, equipment and grounds.

SOURCE: MASC August 2016

LEGAL REF.: M.G.L. 71:68

BUILDINGS AND GROUNDS MANAGEMENT

The Regional School District Committee's most important function is to provide for the education of children, and it recognizes that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The supervision over the care and safekeeping of property used by the school department will be the general responsibility of the Superintendent-Director. They will work with member communities, as necessary, to develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of all school buildings and grounds to ensure that the school is equally well maintained, equipped, and staffed.

The Superintendent-Director will establish procedures and employ such means as may be necessary to provide accurate information in regard to the nature, condition, location, and value of all property used by the school department; to safeguard the property against loss, damage, or undue depreciation; to recover and restore to usefulness any property that may be lost, stolen or damaged; and to do all things necessary to ensure the proper maintenance, cleanliness, and safekeeping of school property.

Within the school, the building administrator will be responsible for proper care, maintenance, and cleanliness of building, equipment and grounds.

LEGAL REF.: M.G.L. 71:68

SOURCE: MASC

BUILDINGS AND GROUNDS SECURITY

Public school buildings and grounds are one of the greatest investments of the town. It is deemed in the best interest of the school department and town to protect the investment adequately.

Security should mean not only maintenance of a secure (locked) building, but protection from fire hazards and faulty equipment, and safe practices in the use of electrical, plumbing, and heating equipment. The Committee expects close cooperation with fire and law enforcement departments and with insurance company inspectors.

Access to school buildings and grounds outside of regular school hours will be limited to personnel whose work requires it. An adequate key control system will be established, which will limit access to buildings to authorized personnel and will safeguard against the chance of entrance to buildings by unauthorized persons.

Funds and valuable records will be kept in a safe place and under lock and key.

Protective devices designed to be used as safeguards against illegal entry and vandalism will be installed when appropriate to the individual situation. Employment of security personnel may be approved in situations where special risks are involved.

SOURCE: MASC August 2016

VANDALISM

The School Committee recognizes that acts of vandalism committed against public and private property are costly and require positive action through educational programs. Consequently, the Committee will support various programs aimed at reducing the amount of vandalism.

Every citizen of the town, staff members, students, and members of the police department are urged by the School Committee to cooperate in reporting any incidents of vandalism to property under control of the school department, and the name(s) of the person or persons believed to be responsible. Each employee will report to the Principal of the school every incident of vandalism known to them and, if known, the names of those responsible.

The Superintendent is authorized to sign a criminal complaint and to press the charges against perpetrators of vandalism against school property, and is further authorized to delegate, as they see fit, authority to sign such complaints and to press charges.

Parents/guardians and students will be made aware of the legal implications involved. Reimbursement will be sought for all or part of any damages.

SOURCE: MASC

SECURITY CAMERAS IN SCHOOLS

The School Committee works to maintain a safe and secure environment for its students, staff, visitors, and facilities. Security means more than having locks and making certain that doors are locked at the proper times. Security also means minimizing fire hazards, reducing the possibility of faulty equipment, keeping records and valuables in a safe place, protection against vandalism and burglary, the prosecution of vandals, and developing crisis plans.

School facilities and their contents, constitute one of the greatest investments of the community. The School Committee believes it to be in the best interest of students and taxpayers for the district to exert every reasonable means to protect the investment adequately.

In pursuit of this objective, the School Committee authorizes the use of security cameras in school district buildings and on its property to ensure the health, welfare and safety of all students, staff and visitors, to deter theft, vandalism and other negative behavior, to safeguard district buildings, grounds and equipment, and to monitor unauthorized individuals in or on school property. Security cameras may be used in locations as deemed appropriate by the Superintendent of Schools in consultation with school officials as well as local law enforcement and emergency response agencies. They may be used in any area, inside or outside of school buildings where there is no reasonable expectation of privacy.

The district shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time. Students or staff identified on security cameras in violation of School Committee policies will be subject to disciplinary action.

The Superintendent shall ensure that proper procedures are in place and are followed regarding use, viewing, disclosure, retention, disposal and security of video recordings or photographs from security cameras in accordance with applicable laws and regulations. A video recording used for security purposes in school district buildings and/or on school property shall be the sole property of the school district. All video recordings will be stored in their original format and secured to avoid tampering and to ensure confidentiality in accordance with applicable laws and regulations. Access to video recordings from security cameras shall be limited to school administrators (Superintendent/designee, School Principal/designee). Law enforcement and emergency response officials shall be granted access to video recordings or the security system after giving prior notice to the School Superintendent/designee.

The Superintendent may, from time to time, issue further guidance that is consistent with current laws and this policy.

SOURCE: MASC

Adopted: August 2015

AUTHORIZED USE OF SCHOOL-OWNED MATERIALS

The School Committee wishes to be of assistance, whenever possible, to other town departments and community organizations. Therefore, permission to use school equipment may be granted by the Superintendent upon request by responsible parties or organizations.

School equipment may be utilized by staff when the use is related to their school employment, and by students when the equipment is to be used in connection with their studies or extracurricular activities.

Proper controls will be established by the Superintendent to assure the user's responsibility for, and return of, all school equipment.

SOURCE: MASC August 2016

STUDENT TRANSPORTATION SERVICES

The major purpose of the school district's transportation services is to aid students in getting to and from school in an efficient, safe, and economical manner.

The school district will contract for transportation services. The School Committee will award contracts on a competitive bid basis. Bus contractors and taxi contractors, who will be held responsible for the safe operation of school buses, will comply with all applicable state laws and regulations, including but not limited to:

1. Specifications for school bus design and equipment
2. Inspection of buses
3. Qualifications and examinations of bus drivers
4. Driving regulations
5. Small vehicle requirements, if applicable
6. Insurance coverage
7. Adherence to local regulations and directives as specified in bid contracts

The Superintendent, working with the bus contractor and other appropriate administrators, will be responsible for establishing bus schedules, routes, stops, and all other matters relative to the transportation program.

CROSS REF.: EEAA, Walkers and Riders

NOTE: For additional information, refer to Guidelines to School Transportation Services in Massachusetts, published by the Department of Education in 1975.

WALKERS AND RIDERS

Students will be entitled to transportation to and from school at the expense of the public schools when such transportation conforms to applicable provisions of the Massachusetts General Laws. Reimbursement to the school district for transportation costs is given by the Commonwealth, subject to appropriation, only for (a) students living at least one and one half miles from school, (b) students who live more than one mile from the nearest bus stop, and (c) students with special needs for whom transportation must be provided.

Additionally, the Committee will provide transportation for students as follows:

Kindergarten: All students, except those living in immediate proximity to the school, as determined by the Superintendent.

Grades 1 - 3: Students living more than one mile from school.

Grades 4 - 6: Students living more than one and one-half miles from school.

Grades 7 -12: Students living more than two miles from school.

Exceptions to these guidelines may be made at the discretion of the Superintendent. This will apply particularly to any student who must travel in a hazardous area to and from school. These students will be transported regardless of the mileage limits listed.

SCHOOL BUS SAFETY PROGRAM

The safety and welfare of student riders will be the first consideration in all matters pertaining to transportation. Safety precautions will include the following:

1. Children will be instructed as to the proper procedure for boarding and exiting from a school bus and in proper and safe conduct while aboard.
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations.
3. All vehicles used to transport children will be inspected periodically for conformance with state and federal safety requirements.
4. Classroom instruction on school bus safety will be provided.

BUS DRIVER EXAMINATION AND TRAINING

The School Committee will reserve the right to approve or disapprove persons employed by the bus contractor to drive school transportation vehicles.

1. Courteous and careful drivers will be required.
2. Each driver will file with school officials a medical certificate and proof of freedom from tuberculosis.
3. Only persons who are properly licensed by the state and have completed the driver-training program will be permitted to drive school buses.
4. The contractor will furnish the School Committee with a list of names of drivers and their safety records for the last three years.
5. The contractor will notify school officials as soon as possible of any change of bus drivers.

**DRUG AND ALCOHOL TESTING FOR SCHOOL BUS
AND COMMERCIAL VEHICLE DRIVERS**

The District shall adhere to federal law and Department of Transportation regulations requiring a drug and alcohol-testing program for school bus drivers and commercial vehicle drivers. Such testing will be conducted for five different situations: pre-employment, randomly, following an accident, following an authorization to return to duty, and upon reasonable suspicion that a driver is under the influence of alcohol or using drugs.

The District will comply with Department of Transportation protocols regarding the collection and testing necessary to establish whether alcohol or drugs are present in the driver's system, and regulations will be established for the steps to be taken in the event that test results are positive.

This program shall comply with the requirements of Federal law and regulations. The Superintendent or designees shall adopt and enact procedures consistent with the federal regulations, defining the circumstances and procedures for testing.

STUDENT CONDUCT ON SCHOOL BUSES

The School Committee and its staff share with students and parents/guardians the responsibility for student safety during transportation to and from school. The authority for enforcing School Committee requirements of student conduct on buses will rest with the Principal.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents/guardians of children whose behavior and misconduct on school buses endangers the health, safety, and welfare of other riders will be notified that their children face the loss of transportation privileges in accordance with regulations approved by the School Committee.

NOTE: The coding of this statement indicates that the identical policy is filed in the J (Student) section.

STUDENT TRANSPORTATION IN PRIVATE VEHICLES

School buses will be used for the transportation of students participating in co-curricular or extracurricular activities. However, when buses are not available, private vehicles may be permitted to transport students to or from school activities that fall within the academic day or extend the school day provided all of the following conditions are met:

1. The activity has the approval of the Superintendent of Schools.
2. The owner of the vehicle being used in transporting students must file evidence with the Superintendent of personal liability insurance coverage on the vehicle in the amounts of \$100,000 - \$300,000 or more.
3. The parents/guardians of students to be transported in this manner will be fully informed as to this means of transportation and will sign a statement to this effect.

MOTOR VEHICLE IDLING ON SCHOOL GROUNDS

No motor vehicle operator shall cause or allow any motor vehicle operated by him or her on school grounds to idle unnecessarily, except for any of the following reasons: traffic conditions; queuing at a school for the purpose of picking up or discharging students; turbo-charged diesel engine cool down or warm up; maintenance of appropriate temperature for school buses when accepting or discharging passengers not to exceed three minutes in any fifteen minute period or one minute in any fifteen minute period for other motor vehicles; for circumstances involving safety or emergencies and for servicing or repairing motor vehicles; and as these exceptions are more completely described in the below referenced regulations. The term "school grounds" shall mean in, on or within 100 feet of the real property of the school whether or not it is in session, and shall include any athletic field or facility and any playground used for school purposes or functions which is owned by the municipality or school district, regardless of proximity to a school building, as well as any parking lot appurtenant to such school athletic field, facility or playground. Reasonable efforts shall be made by the district to identify by signage all known and actual air intake systems, which may be within 100 feet of an idling motor vehicle. A motor vehicle operator shall not idle a motor within 100 feet of such air intake system, unless the Richmond Consolidated School District has determined that alternative locations block traffic, impair student safety or are not cost effective.

The Richmond Consolidated School District shall erect and maintain in a conspicuous location on school grounds "NO IDLING" signage as described below. All such signage shall contain appropriate sized font so as to be visible from a distance of 50 feet.

**NO IDLING
PENALTIES OF \$100 FOR FIRST OFFENSE AND \$500
FOR SECOND AND SUBSEQUENT OFFENSES
M.G.L. C. 90, § 16B AND 540 CMR 27.00**

It shall be the responsibility of the school administration to ensure that each school bus driver employed by the Richmond Consolidated School District and not by a school bus contractor shall, upon employment and at least once per year thereafter, sign a document acknowledging the receipt of copies of M.G.L. c. 90, § 16B and 540 CMR 27.00. The prohibitions contained in M.G.L. c. 90, § 16B shall be enforced by state or local law enforcement agencies.

FREE AND REDUCED PRICE FOOD SERVICES

The school district will take part in the National School Lunch Program and other food programs that may become available to assure that all children in the schools receive proper nourishment.

In accordance with guidelines for participation in these programs, and in accordance with the wishes of the Committee, no child who a teacher believes is improperly nourished will be denied a free lunch or other food simply because proper application has not been received from their parents or guardians.

As required by state and federal regulations, the School Committee approves this policy statement pertaining to eligibility for free milk, free meals, and reduced price meals.

MEAL CHARGE POLICY

The School Committee is committed to providing students with healthy, nutritious meals each day so they can focus on school work, while also maintaining the financial integrity of meal programs and minimizing any impact on students with meal charges. However, unpaid meal charges place a large financial burden on the school district, as food services is a self-supporting entity within the district. The purpose of this policy is to ensure compliance with federal reporting requirements of the USDA Child Nutrition Program, as well as provide oversight and accountability for the collection of outstanding student meal balances.

The provisions of this policy pertain to regular priced school meals only. The School Committee will provide a regular meal to students who forget or lose their lunch money.

Meal Charges and Balances

Students will pay for meals at the regular rate approved by the School Committee and for their meal status (regular, reduced-price, or free) each day. Payment options will be delineated in student handbooks and provided to parents/guardians of incoming students. After the balance reaches zero and enters the negative, students will not be allowed to purchase a la carte items including but not limited to a second entrée, snack, ice cream, or an additional beverage. The student will still be allowed to take a meal, and that meal will continue to be charged to the account at the standard lunch rate based on their meal status. The parent/guardian is responsible for any meal charges incurred. If there is a financial hardship, a parent/guardian should contact food services directly to discuss payment options such as an individualized repayment plan.

Payments

Parents/Guardians are responsible for all meal payments to the food service program. Notices of low or deficit balances will be sent directly to parent/guardians via email or regular postal mail at regular intervals during the school year. At no time shall any staff member give payment notices to students unless that student is known to be an emancipated minor who is fully responsible for themselves or over the age of 18. If parents/guardians have issues with student purchases they should contact food services for assistance.

Parents/Guardians may pay for meals in advance. Further details are available on the school district webpage and in student handbooks. Funds should be maintained in accounts to minimize the possibility that a child may be without meal money on any given day. Any remaining funds for a particular student, whether positive or negative, will be carried over to the next school year.

All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student and those records are available to parents/guardians by setting up an online account (see student handbooks for more details) or by speaking with the school's

food service manager. The point of sale system is designed to prevent direct identification of a student's meal status. Parents/guardians will receive automated low-balance emails or mailed notices weekly, if applicable. If notices do not result in payment, parents/guardians will receive a phone call from food services. If the phone call does not result in payment the food service manager shall turn the account over to the business office.

Refunds

Refunds for withdrawn and/or graduating students require a written request (email, postal, or in person) for a refund of any money remaining in their account to be submitted. Graduating students also have the option to transfer funds to a sibling's account or to donate to a student in need with a written request.

Delinquent Accounts/Collections

Failure of a parent or guardian to maintain reasonably current accounts may result in a referral to the Superintendent for their review. The Superintendent shall ensure that there are appropriate and effective collection procedures and internal controls within the school district's business office that meet the requirements of law.

If a student is without meal money on a consistent basis, the administration may investigate the situation more closely and take further action as needed. If financial hardship exists, parents/guardians and families are encouraged to apply for free or reduced price lunches for their child. Each school handbook shall contain detailed instructions for family assistance.

Policy Communications

This policy shall be communicated to all staff and families at the beginning of each school year and to families transferring to the district during the year.
