# Richmond Consolidated School

August 7, 2020

Dear RCS Community,

Tonight the school committee voted unanimously to start school with students remotely on 9/14.

Staff will start on 8/27 with additional professional development in Canvas, our new learning management system to support distance learning.

We will work to evaluate and share state metrics to inform when we may use hybrid or face to face models.

We're working collaboratively with our staff to develop and improve upon our approaches to learning and teaching in a remote context.

We're also thinking a lot and planning around social-emotional supports and growth.

We appreciate the impact this decision will have on students and families.

Thanks for your patience in these challenging times.

Looking forward to working with you to support our students.

Stay well,

Peter Dillon, Superintendent Jill Pompei, Principal
