Dear Families:

Every year, each public school and school district in Massachusetts receives a report card. Just as your child's report card shows how they are doing in different subjects, the school's report card is designed to show families how our school is doing in different areas. A link to our school's report card is available at

<https://reportcards.doe.mass.edu/2023/DistrictReportcard/02490000>

The report card includes multiple measures of a school's performance – more than just MCAS scores. It represents a new way of looking at school performance, by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

Report cards are designed to be useful tools for everyone connected to our school. Families can use the information to have meaningful conversations with us about what the school is doing well and where there is room for improvement. Community and education leaders can use the information to better understand how to support students and our school.

You will notice on our report card that we are making moderate progress towards our targets for most accountability measures. Overall, Richmond students performed higher than the state in all three content areas of English Language Arts, Mathematics, and Science however, there was a slight decline in Mathematics performance and a larger decline in Science.

To improve student performance in our school, we are working diligently to implement all of the steps of our District and School Improvement Plans. The link to the plan is [here](#). We encourage you to become involved in helping us improve our school. We see parents as critical partners in the success of our students and school, and we are grateful for your continued support.

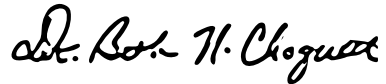

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach,
- Whether your child's teacher is teaching under an emergency license or waiver,

- The college degree and major of your child's teacher, and
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.

If you have questions about our school's report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child's classroom teacher, please contact [bchoquette@richmondconsolidated.org](mailto:bchoquette@richmondconsolidated.org).

Sincerely,

A handwritten signature in black ink that reads "Dr. Beth N. Choquette". The signature is written in a cursive style with a large initial 'D'.

Dr. Beth N. Choquette  
Superintendent/Principal
