RICHMOND SCHOOL WEEKLY NEWSLETTER

DAN WESTON, PRINCIPAL

FROM PRINCIPAL'S OFFICE:

Dear RCS families,

We are wrapping up May with so many things happening. The IS 183 art program finished their spring program this week. Our 3rd and 5th grades traveled to Plymouth to tour the Mayflower, Plymouth Rock and the Plimoth and Patuxet Museum. Our 1st and 2nd grades visited the Springfield Museum and 5th graders went canoeing.

The 6th and 7th grade had the opportunity to work with Patrick Mele, a certified pickleball professional. They had a great time learning the foundations of pickleball. It was really amazing to see how fast students were able to be successful playing pickleball with professional instruction.

There will be a Memorial Day Ceremony held this Monday, May 30, at 8:00 am, in front of the school. The band students in grades 5-8, will play and Mrs. Beth Smith's third graders will perform a medley of patriotic songs. Please consider coming out Monday morning to support our students and honor those who made the ultimate sacrifice protecting our nation.

Have a great Memorial Day Weekend

Musical Notes from Mrs. Mullen

We are ready for the Memorial Day Ceremony to be held this Monday, May 30, at 8:00 am, in front of the school. The band students in grades 5-8, will play and Mrs. Beth Smith's third graders will perform a medley of patriotic songs. Today, both ensembles sounded good at our final outside rehearsal. We anticipate good weather on Monday morning. But, just in case, if the weather is inclement, we will hold the ceremony inside the school gymnasium. The ceremony will most likely conclude well before 9:00 am.

All band members should arrive at 7:30 am to warm up in the music room. Third graders will meet up with Mrs. Smith.

Please remember instruments and music.

The band attire will be: The green band shirts, khaki (light-colored pants), and sneakers. If the weather seems chilly, band members may wear a long-sleeved shirt under the band shirts.

During the past week, many have worked to beautify the space in the front of the building, where the Veterans' Monument is located. Thanks to the third graders for weeding the garden space; Tracy Bullett for replacing the flag; and Selectman Mr. Roger Manzolini for pruning and removing some dead bushes and trees. He carted away three loads of debris in his truck.

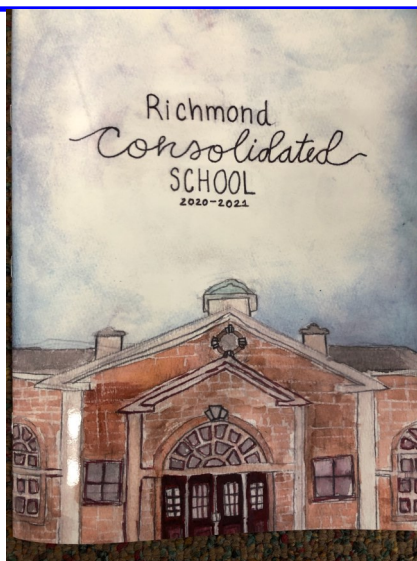

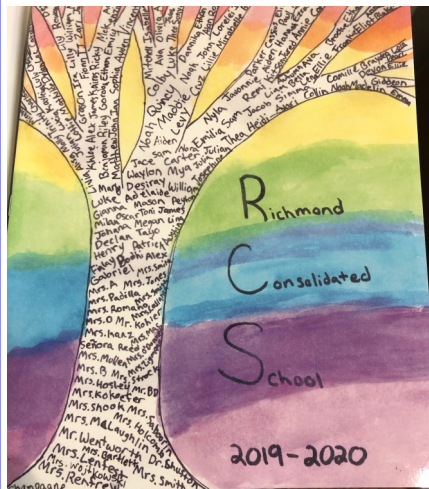

As usual, it takes a village to put on this important public service event for the benefit of the Town of Richmond.

We invite all to attend!

Young People's Programme the Political Arts

Land and water, the airways are filled with electric talk, as like control, dispute, access, privatization and rights swirl around — as if the only way to engage our forces today were through capture or possession. DRAWER explores the people and politics of the present through their engagements with the nonmarks upon which they live and die. Studying and practicing the political arts of witnessing, sustaining and imagining, this year's Young People's Programme will explore the tactics and communities around the world have used to encourage their neighbors to conceive of their world differently.

WITNESSING | Jul 11-15

Witnessing is the political art of holding a space or time in the world for something beyond oneself. Whether witnessing a crime, a cause, a cry, or another human being, witnesses become responsible for a collective movement or feeling which is not solely theirs to witness. Why, when and for whom does witnessing occur?

FRAMING | Jul 18-22

Framing is the political art of organizing how things make sense in the world. Whether providing context for a cherished story or building the braces for a house, framers produce structures for understanding and living in a world rife with diversity and antagonism. Where can we see framing in real time? Can we seize the moment to reframe a problem or possibility and act? What kinds of frames do people and places inherit?

SUSTAINING | Jul 25-29

Sustaining is the political art of cultivating something which, strictly speaking, does not need to exist in the world, whether you're meeting a worthy project or maintaining the social fabric of a family or community. In sustain, something hangs in a world of infinite remedy. Sustaining, in growth, requires desire, commitment, and faith, and care for something which simultaneously becomes a part and in excess of oneself. What kinds of aspirations must be aired and what kinds of aspirations are thought of as already in place — and are they at odds with each other?

IMAGINING | Aug 1-5

Imagining is the political art of creating possibilities for what the world is and could be. Whether imagining Los Angeles without a parking crisis or a system for sharing farming tools within a rural community, imaginers claim the beautiful possibilities for a new world and make the otherwise mundane activities of this one. What kind of imaginings are needed in a world plagued by a lack of invitation?

It's time for an education in the political arts. The Jahān curriculum in the "political arts" or principled political practice in the present, includes arts of belonging, believing, relating, witnessing, narrating, truth-telling, suffering, remembering, caring, healing, resisting, imagining, dreaming, envisioning, building, questioning, troubling, leading, inspiring, speaking, listening, claims-making, framing, communicating, connecting, collaborating, sustaining, organizing, and more. Contrary to the cynical and status-quo-preserving ideas of "ars politica" that span manipulation, diplomacy, political games, court intrigues, propaganda and such, what we call political arts denotes practices of survival and mutuality inherent to contemporary political experience.

Staying Warm This Winter - BCAC Can Help 2-1-22

We all know someone - whether a friend, neighbor, family member or co-worker - who could use a little help to stay warm this winter.

Berkshire Community Action Council (BCAC)'s Heating Fuel Assistance Program, provides income eligible households with help paying their heating bills. The program is accepting applications now through April 30th.

Homeowners and renters may both be eligible to receive help paying their winter heating bills.

All primary heating types may be eligible for assistance, including oil, propane, kerosene, coal, cord wood, wood pellets, natural gas and electric.

Any household whose gross yearly income falls at or below the program income guidelines for the number of people in the household may be eligible.

For example, a household of one can have an income of up to \$40,951; a household of two can have an income of up to \$53,551; a household of four can have an income of up to \$78,751; and, a household of five can have an income of up to \$91,351 and be eligible.

BCAC has funding available to serve all eligible Berkshire County households.
